Flood Support

With many members impacted by the ongoing weather events, it's timely to bring to the attention of our members, resources available to assist them now and with disaster preparedness.

If your school library is currently impacted by flooding, please contact [Blue Shield Australia](#) if you require support with your disaster recovery processes. Blue Shield is an organisation committed to the protection of the world's cultural property, and is concerned with the protection of cultural and natural heritage, tangible and intangible, in the event of armed conflict, natural- or human-made disaster.

SLANSW, in collaboration with SLAV and Blue Shield Australia, presented an Online Meet-Up in 2020 to provide our members with practical strategies to deal with disasters, should their library be directly impacted in the future.

A copy of the recording, along with additional resources can be accessed via the SLANSW Website for all: <https://www.slansw.net.au/Free-Professional-Learning-Resources>

You can also access the [ALIA Disaster Planning Templates](#).

The [School Library Association of New South Wales](#) (SLANSW) is a professional association centered on professional learning, advocacy and research. Our membership is interested in learning about, and supporting and advocating for, the importance of school libraries as a part of the K-12 educational experience.
