This professional learning package consists of a series of four online professional learning events featuring international guest speakers exploring a range of topical issues relevant to teacher librarians and teachers in 2020.

Each session is being held on a Saturday morning from 9.00-11.00am, with each 2 hour session consisting of a one hour presentation with Q&A followed by one hour of practical workshop-style activities.

Each session is NESA accredited to assist our members in gaining their NESA accredited PL hours for this year. So completing this package of 4 sessions will provide you with a total of 8 hours of NESA accredited PL.

Each 2 hour session will take place in SLANSW's Zoom conference room. Those who register for this event will receive an email within 24 hours before the event with details to access this online session.

A maximum of 100 places are available for each session, so get your registrations in ASAP.

If you do not wish to register for all 4 sessions,
please go the [Events page](#) on SLANSW's website
to register for a single event only.

The first ISS event is being held on Saturday, June 20. Registration deadline to attend this event or to book the total PL package of all 4 events is no later than Friday, June 19.
