Association**
OF NEW SOUTH WALES

Role Statement: SIG Leader

SLANSW Special Interest Groups (SIGs) have been created in response to members' comments and requests and future-focused, library-related literature. The SIGs offer members the opportunity to customise their professional learning by joining a learning community of colleagues with similar professional needs and interests.

SLANSW offers a number of Special Interest Groups (SIGs) as a benefit of membership. Members can opt-in to one or more SIG; Mentoring, Networking, Non-Teaching School Library Staff, and Research.

The specific responsibilities of a SIG Leader include:

- Preparing sessions (once per term) for their SIG;
- Facilitating face-to-face or online events for SLANSW members registered to participate in a SIG session/program;
- Reporting bi-monthly via a written report to the SLANSW Management Committee.
